Curling is a strange, but exciting sport played on ice. Many people say it comes from Scotland. Today, it's popular around the world and it's also an Olympic sport.

In a curling match there are always two teams and usually four players on each team, but sometimes there are only two. A player on each team throws a stone on the ice. The stone is called the 'rock' and it's heavy. The other players try to send the 'rock' on the 'house', the circle on the ice. They win many points when it stops on the small circle.

The players use sticks on the ice called 'brooms' to move the 'rock'. They wear special shoes, not skates. It isn't an easy sport. Both men and women play it. Canada, Sweden and China have very good curling teams.

Hello, Granny!  
How are you? I'm in Turkey and it's amazing! It's sunny and hot and I go to the beach every day. The water is warm and Dad goes scuba diving every morning. Mom and I sometimes go sailing in the morning. I like biking in the village and playing badminton at the hotel. I don't surf here because the waves are small.  
See you soon!  
Peter

Hi, Aunt Sue!  
Canada is beautiful! It's very cold here, but I like it. I go skiing every day with Mom and sometimes I snowboard, too. Mom doesn't like snowboarding. Don't worry! We always wear a helmet, boots and ski goggles. I'm sitting in my hotel room now. I'm watching a rugby game on TV. England is playing France! Great game!  
See you soon!  
Louise
